

MURDER CHARGE AGAINST FOUR

Accused of Killing Negro—Body Found in Tiger River.

Union, June 17.—Ben, Wallace, Finch and Deadly Lawson, sons of W. S. Lawson, a prominent farmer, who lives eight miles west of Union, were arrested this afternoon upon a warrant charging them with the murder of William Thomas, the negro whose body was found Monday in a lagoon on Tiger river. These brothers are all grown and three are married. Julian Dawkins, a negro, who was arrested yesterday, has been held as a suspect and possible witness.

Manley Wilburn, the farmer upon whose land Thomas was a cropper, says well nigh all the other negroes on his place have moved off as a consequence of their fear aroused by this killing.

It is understood that the Lawson boys disclaim any knowledge of the killing.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Every family without exception should keep this preparation at hand during the hot weather of the summer months. Chamberlain's Colic, Cholera and Diarrhoea Remedy is worth many times its cost when needed and is almost certain to be needed before the summer is over. It has no superior for the purposes for which it is intended. Buy it now. For sale by all dealers.—Adv.

Women Will Besiege Congress.

Washington, June 18.—Officials of the National Woman's Suffrage Association, on June 27, will besiege Congress, and urge enactment of legislation providing equal suffrage. Vice President Marshall and Speaker Clark, Congressional committee, will receive the delegation. The women will not urge any particular pending measure, but will ask Congress to do what is most feasible for the cause.

Mrs. Anna Howard Shaw, Jane Adams, Mrs. Desha Breckenridge and others will be among the delegation.

THE AUTOMATIC BLOCK SIGNAL

In Service on Southern Main Line for a Distance of Eighty Miles.

Washington, June 19.—An automatic electric block signal system has just been completed and placed in service by the Southern Railway on the main line between Seminary, Va., and Orange, Va., a distance of 80 miles, all double-track, providing continuous automatic signal protection for trains from Orange into the Washington terminal station. The system is now in use in other portions of the line in Virginia and North Carolina, giving in all a total of 198 miles of double-track so protected, while arrangements have been made for equipping 120 miles more.

At intervals of about two miles, 106 automatic signals have been erected, each interval constituting a "block," and the system includes interlocking plants and controlling switches. The signals are the three-position upper quadrant type, using red, green and white lights at night for the "stop," "caution" and "proceed" indications. The interlocking plants and controlling switches are equipped with tower signals and electric lights in the towers and on the signals.

Annunciators have been provided to announce the approach of trains in both directions at each of these towers. The current used to operate the system also furnishes lights for stations.

This protective system represents the latest product of engineering science and will greatly facilitate traffic and increase the safety of train operation.

Bladder irritations, kidney troubles, dull headaches, weariness, pain in back and sides, all show the kidneys need to be toned up, strengthened, their regular action restored. A year's foot comfort guaranteed or money refunded.

Presbyterian College Grows.

Clinton, June 17.—Ground has been broken for the new science hall and library at the Presbyterian College of South Carolina and a large force of hands is now at work. The laboratories have been arranged with great care. Many of the large Northern universities have been visited, and everything necessary for modern courses in the departments of science were arranged for. The building is to be 100 feet by 70 feet, giving 7,000 square feet to a floor. It is to be one of the most handsome upon the college campus.

The growth of the college for the last few years has been so remarkable that the board of trustees decided to continue an aggressive policy.

Last year the enrollment was the largest in the history of the college, and the indications now are that it will not be able to accommodate all who apply for entrance next fall.

Colonel Has Bad Throat.

London, June 17.—Col. Theodore Roosevelt to-day consulted a throat specialist, who, after examination, declared his throat in bad condition. The specialist attributed this condition to the overstrain undergone by the Colonel at the time of the last Presidential campaign and to exposure in Brazil.

The physician said it would be impossible for Col. Roosevelt to undertake a continuous campaign or to speak in the open air during the next three months. In the meantime he advised him to make only a few speeches.

Teddy's Talk is Brief.

Southampton, June 18.—"I will make just one reference to politics. I will not run for Governor of New York."

Col. Roosevelt to-day momentarily broke his rule of silence in regard to politics in order to make this declaration while he was proceeding on board the tender to embark on the Imperator for New York.

Col. Roosevelt suffered from a chill while on board the tender. It was the first occasion on which he had felt the chill since he left New York and he explained that it was merely a recurrence of the effects of the jungle fever which was to be expected.

Always Lead to Better Health.

Serious sicknesses start in disorders of the stomach, liver and kidneys. The best corrective and preventive is Dr. King's New Life Pills. Strangled Himself With Necktie.

Savannah, Ga., June 18.—Carl Weidemann, of Jacksonville, Fla., a native of Hamburg, Germany, was found suspended by three neckties from the bedpost at the head of his bed, in his room at 310 Bryan street, East, this morning. Before he hanged himself he had taken the blade of a safety razor and slashed both arteries in his wrists.

That he had been in a morbid mood for some time is the testimony of two chums, Paul Krenleng and T. S. Comer, both Germans. He came here direct from Jacksonville.

On a table in his room were found a dozen handsomely bound books. One was found opened at a chapter dealing with a grewsome murder.

Cures Stubborn, Itchy Skin Troubles.

"I could scratch myself to pieces!" is often heard from sufferers of eczema, tetter, itch and similar skin eruptions. Don't scratch—stop the itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing. The red, rough, scaly, itching skin is soothed by the healing and cooling medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

Emperor Nicholas Escapes.

Berlin, June 18.—An attempt was made early to-day, near Tuschuvodo, Russia, to blow up the Russian Imperial train, with Emperor Nicholas and his family aboard.

A postal train preceding the Imperial train as a pilot struck a bomb placed on the track, and which exploded. Most of the coaches were shattered and several persons injured. The Imperial train passed a few minutes later, and reached Tsarkoe-Selo without incident. The royal family was returning from a visit to King Charles of Rumania.

Was No Plot—Only Accident.

St. Petersburg, June 18.—It was officially declared here that the accident to the postal train preceding the Imperial train was due to accident, and that no attempt was made on the Czar's life.
